

SNOWMAN CANDLE LAMP

SUPPLIES:

- 10" Clear Glass Chimney #RD5711
- 5 3/4" Black Top Hat #12773
- 7" White Styrofoam Ball #01010
- (3pcs.) 15mm Solid Black Eyes #51615
- 1 yard 1 1/2" Ribbon #L1554019HU
- Brass Candle Lamp
- (2) Birds #BRD3
- 15mm 3" Bump Chenille Red #10432-30
- Delta Perm Enamel Paint
 - Ultra White #45029
 - Deep Coral #45037
 - Ultra Black #45034
- Twigs
- Hot Glue Gun
- Sponge

INSTRUCTIONS:

1) Using a small sponge apply **White** paint to chimney. Leave 3" from top of chimney clear. Let dry completely.

2) Transfer pattern for face. Paint eyes and mouth **Black**. Sponge cheeks with **Deep Coral**. Hot glue one bump of bump chenille for snowman's nose.

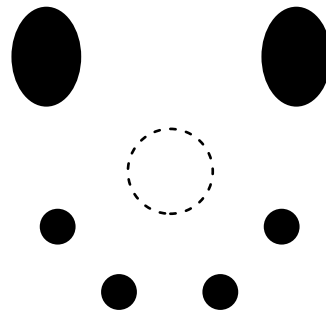

3) Cut an opening in the top of the black top hat and push down the glass chimney to top of the snowman's head. Tuck the top edge of the hat down into top of hat. (see photo) Wrap a piece of ribbon around hat and hot glue in place.

4) Cut a 1" hole through center of styrofoam ball. Push brass candle lamp up through hole and hot glue in place at base. Flatten the bottom of the styrofoam ball so the lamp stands straight.

5) Gently press the glass chimney into the top of the styrofoam ball over candle and make an indentation into the styrofoam. Remove the chimney and using a butter knife, cut a 1/2" groove into the styrofoam. Press glass chimney down into groove so it holds securely.

6) Press 15mm black eyes into front of snowman for buttons and wrap the ribbon around his neck for a scarf.

7) Use two small twigs for the snowman's arms and press them into the sides of the snowman. Hot glue one bird on the brim of the snowman's hat and the other on his arm.
